NEU MOA Monitoring App – Product Requirements

1. Goal

Develop a **NEU MOA Monitoring Application** to track and manage the approval process of Memoranda of Agreement (MOAs) within the university. The system will support three types of users: **Students, Faculty, and Admins**.

2. User Authentication

- All users must log in using their **institutional Google-based email**.

3. User Roles & Dashboards

Admin

- Access to **Admin Dashboard** with full control over:
    - User management (add, edit, block users, assign rights).
    - MOA management (add, edit, soft delete, recover deleted MOAs).
    - Audit trail visibility (who added, edited, deleted MOAs with timestamp).
    - Dashboard cards showing statistics (active, processing, expired MOAs) with filters by **college** and **date range**.
    - General search bar with filters: **college, industry type, expiring MOAs, contact person, company name, company address**.
- Can grant faculty access to maintain MOA entries.
- Can block users from system access.

Faculty

- Access to **Faculty Dashboard** with:
    - Visibility of all MOA details **except audit trails**.
    - Access limited to **active, non-deleted MOAs**.
    - Ability to maintain MOA entries (add, edit, soft delete) only if granted rights by Admin.

Student

- Access to **Student Dashboard** with:
    - Visibility of **approved MOAs only** (all approved categories).
    - Limited view of MOA details:
        - Company Name
        - Company Address
        - Contact Person
        - Contact Person Email
    - No access to audit trails or processing/expired MOAs.

4. MOA Status Categories

MOAs must be tracked under the following statuses:

- **APPROVED**
    - Signed by President
    - On-going notarization
    - No notarization needed
- **PROCESSING**
    - Awaiting signature by HTE partner
    - Sent to Legal Office for review
    - Sent to VPAA/OP for approval
- **EXPIRED**
    - No renewal done
- **EXPIRING**
    - Two months before expiration date

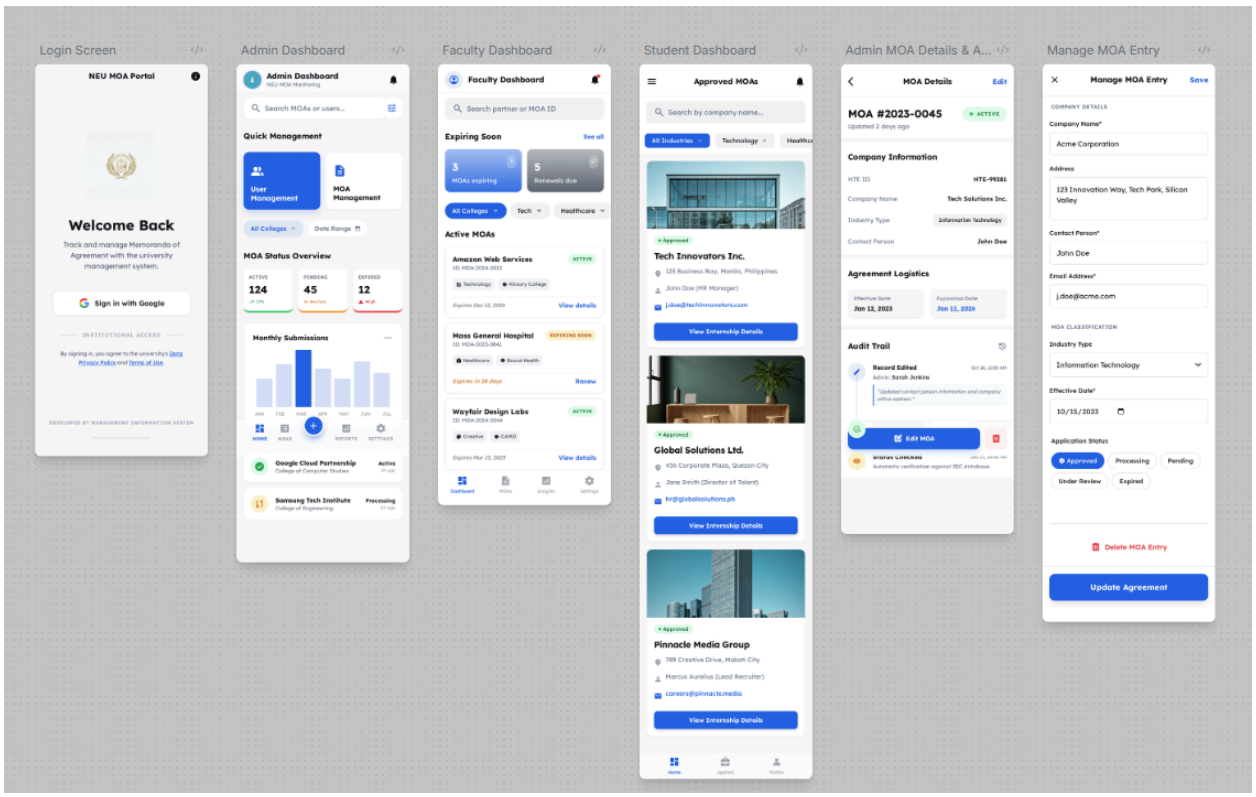
5. MOA Entry Fields

Each MOA record must contain the following data:

- HTEID
- Company Name
- Company Address
- Contact Person
- Contact Person Email
- Type of Industry (Telecomm, Food, Services, Technology, Finance, etc.)
- Effective Date of MOA
- Status of MOA
- Endorsed by College
- Audit Trail (user name, date, time, operation performed: insert, edit, delete)

6. Data Visibility Rules

- **Students**: Approved MOAs only, limited fields (Company Name, Address, Contact Person, Email).
- **Faculty**: All fields except audit trail, only active non-deleted MOAs.
- **Admin**: Full visibility of all fields, including audit trail and deleted MOAs.

7. System Features


- **Soft Delete**: MOAs cannot be permanently deleted; Admin can recover deleted entries.
- **Audit Trail**: Admin can view all user actions (insert, edit, delete).
- **Statistics Dashboard**: Cards showing counts of MOAs by status (active, processing, expired), filterable by college and date range.
- **Search Functionality**: General search bar with filters for college, industry type, expiring MOAs, contact person, company name, and company address.
